“Our natural secret”

ONCE UPON A TIME, so the story goes, there were two new members doing their bit for Rotota.....as you do!

The lake was very low so they decided to take their kayaks out for a spin.

While on the lake enjoying the wonders of it all, they could see how bad the waterweed was.

An executive decision was made to start pulling out the weed.

There was no problem with getting wet because they were both naked and fancy-free.....as you do!

With a full load of weed on board they headed back to shore to unload.

Now everyone knows it is no easy task getting out of a kayak.

Your legs suddenly seem a lot longer! and it can take a wee while. **BUT**...just as he finishes pulling out the last of the weed, he feels something move inside the nose of the boat.

Next thing you know he is face to face with one very wet and very angry possum, who is coming out of that boat at 90 miles an hour and heading straight for the crotch of our male kayaker; fangs and claws all ready to strike and defend!

Don't worry; this story has a happy ending....just like Goldilocks and Snow White or whatever!

The possum escaped unscathed and we were left with one very relieved, but very white-faced male member who survived another day with all his credentials intact!

One does wonder if it was perhaps a female possum with a warning, as our hero is a gynaecologist! What do you think girls?? Hehehe!

Committee messages

- A huge thanks to Ross and Carol F for the wonderful cedar planks that have been made into tables.
- Thank you to Neville for the spray gear for the tractor.
- The hot tub needs to be painted sometime over the winter months. Don't be surprised if it is out of action the weekend you wish to use it!
- Please contact Bryan G if you wish to lend a hand with ongoing maintenance i.e. cleaning club vans, firewood etc.
- Next committee meeting 9 May

I WANT YOU TO VOTE

Annual General Meeting
6 June Sunday
Queens Birthday weekend

Don't forget to pencil in 6 June and come along to our AGM held in the clubhouse.

As always the place will be toasty warm and you can even bring your slippers and a cushion, not that it will take very long.

This year we have received more nominations than we have committee positions but fear not! All nominees will be submitting their mission statement, which will be included in the AGM packs, which will be arriving in the mail shortly.

Please return your voting paper in the envelope provided, to the scrutineers by

Saturday 22 May. Please do vote, it's important.

General business items need to be in the hands of the secretary Lisa {Lagoon} by Sat 5 June. 4pm.

True to tradition there is bound to be a celebration of sorts later that evening to herald in the new committee. Look forward to seeing you all there.

Another once upon a time story a guy asked a beautiful girl to marry him.

The girl said "NO"

And the guy lived happily ever after and rode motorbikes and went fishing and hunting and played a lot of golf and drank beer and scotch and had plenty of money in the bank and left the toilet seat up whenever he wanted.

The End

Don't forget

- Clear a space in the fridge to fool the tulip bulbs it's as cold as Holland, before you plant.
- Sow a lawn now to laze around on in spring.
- Get your favourite recipe or handy hint in to Sharon at Gate End for our Rotota booklet
- Check that your van or Bach fire extinguisher is working okay.
- Ask Irene for her feijoa crumble recipe.

Well folks, there's not much else other than we hope you can join us for the AGM. Or any time really at "our natural secret".

Keep well, take care and don't judge people by their relatives!!

Cheers naturally
The Ed
