## From the President.

Winter has finally arrived, but we have still had a few visitors at the club. Cold outside, but the welcome is warm, as is the fire in the clubrooms, and of course the spa pool. So don't let the winter keep you away, club uniform can still be worn most afternoons.

Work must go on and more trenches have been dug for us to extend our electricity and water reticulation. A new stove has been installed in the kitchen, new vinyl has been laid in the kitchen and shop, and carpet in the cabin. All improvements to our facilities for us to use and enjoy.

The committee has had their first meeting for the year. Mostly business as usual, but we did approve the purchase a new digital TV for the clubrooms, with terrestrial Freeview. We will also get the satellite dish fixed so it can be used for a Sky decoder. We can then get together for the BIG televised events. Another facility especially for winter nights. A big TV was another of the suggestions from the special meeting of members.

So, don't wait for summer to come and enjoy your club.

Cheers naturally  
John Bowers  
President
