October 2011

President John B's Spiel

Summer time is here, the clocks have been moved forward & we are getting some warmer weather.

Our club was looking pretty good, but it's even better now thanks to the hard work done at the working bee. Great to see some of our new members helping out, together with us 'older hands'. The drive had holes filled, BBQ tables painted, lamp shades, windows & soffits cleaned, firewood fetched, cut & stacked, and a whole lot of other jobs. Myself & a trusty helper installed lights & power points in the garage. We enjoyed our free lunch, with thanks to those who prepared it & cleaned up afterwards. All in all a fantastic effort & well worth while so we can enjoy our club over the coming months. Once again the evening pot-luck dinner was nothing short of a banquet.

Next month the Phoenix Shield is to be battled out at BOP. **NO**, I can't do it alone! I need all the help I can get. I can promise you a lot of fun. BOP always comes up with some really inventive games to try & beat the pants off us. An all out effort is required for the weekend. One word of warning, from previous visits to BOP I would recommend going on a diet for a few days before as catering is another thing that BOP does particularly well!

I hope you have invited your friends & neighbours to the BBQ on Wednesday 26th Oct, in gonatural week. I have been appointed "naked chef" for this one. It would be great to have a good turnout of both members & visitors.

Cheers naturally,
John B
